572 BBC Roots

1100 HP with 1000 TQ. There is not much that can touch the throttle response of roots supercharged monster. These motors have explosive power with old school sound. Sorry - you may have to modify your hood. Nasty is the best word to describe this motor. This engine can get you in the low 8 seconds for the quarter mile, in a 3000 lbs car.

Complete assembly is fully balanced and blueprinted to our specifications. The motor is then broken in on the engine dyno and tuned for maximum power.
