572 All Aluminum Chrysler Wedge BBC Roots

750 HP with 750 TQ. There is not much that can touch the throttle response of roots supercharged monster. These motors have explosive power with old school sound. Sorry - you may have to modify your hood. This super docile engine has the power to run 9 second quarters and drive across the country.

Complete assembly is fully balanced and blueprinted to our specifications. The motor is then broken in on the engine dyno and tuned for maximum power.
