441 SBC Intercooled Twin Turbo Dual Fuel Technology

This small block makes 2500 HP and 2000 TQ in race trim and 1500 HP 1400 TQ in street trim. Our best selling street – race engine of all time. All the mapping and R&D has tried and tried again. This is the engine to get if you want to run in the low 6's and still have a idea of cruising the streets. 200+ pulls on the DYNO and zero engine wear. Unreal reliability.

Tired of changing valve springs, peeling pistons off with nitrous or killing main bearings with the PSI's. That day is done with this engine. On a average around 10X as reliable. Your only obstacle with this engine is sorting out the chassis. Think about running 4 seasons with out a motor rebuild. It's reality with this one.

WARRIOR SERIES

-----\$52,000

**ALL NELSON
RACING
ENGINES ARE
