509 BBC Injected and Intercooled Twin Turbo

1700 HP with 1650 TQ using race gas and 1150 HP with 1100 TQ using pump gas. This is the best bang for the buck there is in the BBC turbo world. Ridiculous power and technology for a great price.

At Nelson Racing Engines our slogan is "We Make Horsepower." How do we go about doing this? It just may have something to do with our reputation for building the baddest twin turbo beasts on the market.

HOT ROD SERIES

-----**\$37,200**
