572 BBC Intercooled Twin Turbo Dual Fuel Technology

Big power with this Big Block 2500 HP and 2300 TQ race gas/methanol mix and 1700 HP and 1700 TQ with 91 octane pump gas/ methanol mix.

Tired of changing valve springs, peeling pistons off with nitrous or killing main bearings with the PSI's. That day is done with this engine. On a average around 10X as reliable. Your only obstacle with this engine is sorting out the chassis. Think about running 4 seasons with out a motor rebuild. It's reality with this one.
