632 BBC - Injected

840 HP with 775 TQ with pump gas. Crack the throttle and this motor explodes with power.

Complete assembly is fully balanced and blueprinted to our specifications. The motor is then broken in on the engine dyno and tuned for maximum power.

A great Saturday Night Special. Nasty hot rod idle and wide open sound. A true symphony of V8 power. Expect to run deep into the 9's with this combo.
