632 Nitrous Hot Rod Series 840 hp 775 ft lbs, 1100+ hp 1100+ ft lbs on the Smurf Juice

The Nitrous Series has all the great qualities of a Hot Rod series motor with the added benefits of stronger pistons, rings, connecting rods, and sealed with a block o-ring and cylinder receiver groove. This series will give you the best bang for your buck out of any of our other series.

Complete assembly is fully balanced and blueprinted to our specifications. The motor is then broken in on the engine dyno and tuned for maximum power.

HOT ROD SERIES
